March 25, 1998 LB 234, 395, 611, 988, 1063, 1180
 LR 423-427

SENATOR CROSBY: The amendment is adopted. I will raise the call. Mr. Clerk, do you have items for the record?

CLERK: I do, Madam President. Thank you. Madam President, communication from the Governor (re LB 234, 611, 988, and 1180). I have an amendment to 1125 by Senator...I'm sorry, to 1063 by Senator Brown. Study resolutions, (read brief summaries of LR 423-427). (See pages 1390-93 of the Legislative Journal.)

The next amendment, Madam President, to the bill...

SENATOR CROSBY: I raise the call.

CLERK: The next amendment, Senator Preister, AM3419, Senator.

SENATOR CROSBY: Senator Preister, to open on your amendment.

SENATOR PREISTER: Thank you, Honorable President. What this amendment will attempt to do is to combine several of the amendments that you have that have been introduced. And in my effort to make it easier for the body, since I'm on the downhill slope and things are running my way, that don't feel real good right now, I'm still smiling and I'm glad that things are going collegially, they can here. It's what I'm concerned about out in the world of real events that I still remain concerned about. What I would like to do, Mr. Clerk, is substitute the current amendment that you have before you, which I believe is 3419, and, with consent to the body, substitute AM4140 which, as I stated, would combine several amendments and save some time.

SENATOR CROSBY: Any objections to the substitution? Seeing none, it is so ordered.

CLERK: Senator, I now have 4140 in front of me. (See page 1394 of the Legislative Journal.)

SENATOR PREISTER: Thank you, Mr. O'Donnell. The amendment I believe is being passed around. It may already be on your desk. In fact, I see it's here. So what I will do is go through and describe it. You also have these amendments on your computer
